SPAIN VEERS RAPIDLY TO NEUTRALITY

Startling Developments of Past Week Causes Franco to Experience Change of Heart

BUFFERS ELIMINATED

Washington, Nov. 13.—(P)—President Roosevelt said today he had received a very satisfactory reply from General Francisco Franco, head of the Spanish state, to his message assuring Spain that the American expedition to North Africa was in no way directed against Spanish territory.

The president, talking at his press conference, gave no details of the Franco reply and said also he had no information whether the bey of Tunis had answered his message requesting permission to send troops against French Tunisia.

New York, Nov. 13.—(P)—Spanish foreign policy, hitherto a program of pro-Axis non-belligerency when Adolf Hitler was winning victory after victory, has veered suddenly toward strict neutrality as a result of the startling development of the past week, according to reliable European sources said today.

Faced with the sudden rise of Allied power in the Mediterranean, Generalissimo Francisco Franco, apparently has experienced an ov-

Married Men To Get Call

Harrisburg, Nov. 13.—(P)—State Selective Service headquarters today instructed Pennsylvania's 422 local boards to defer for 30 days the induction of men 5 years of age pending presidential action on the new draft bill relieving such registrants from military service.

Harrisburg, Nov. 13.—(P)—State selective service headquarters is planning to call some married men—wed before Pearl Harbor—to meet the December draft board.

A survey just completed has shown that each local board would be required to furnish a few such married men. Col. B. F. Evans, acting state director said yesterday.

He added, however, that "if single men become available they

Ottawa, Nov. 13.—(P)—Edward G. London, Nov. 13.—(P)—The Moscow radio said today that Adolf Hitler had dismissed Marshal Albert Kesselring, commander of the German air force in the Mediterranean, for failure to tip off the German command on the American and British offensive in North Africa.

SEARCH FOR LOST PLANE INTENSIFIED

Hope for Safety of Famous World War Ace, Missing Since October 21 Is Revived

IN AREA OF HONOLULU

Washington, Nov. 13.—(P)—Hope for the rescue of Captain Eddie Rickenbacker, the famous World War ace, who has been missing in the Pacific since October 21, was revived today when the war department announced the rescue of a member of the crew of the plane which was last heard from over Hawaiian waters.

Hopefully the war department said:

"It is believed possible that other survivors may be on life rafts in the same general vicinity."

Days after the plane disappeared, Secretary of War Stimson still held hope of Rickenbacker's rescue, commenting that the flier was "an exception to ordinary rules."

The rescued flier was Capt. William T. Cherry, Jr., Abilene, Tex. The department said he was picked up by the navy yesterday, "in good condition, but weak."

The rescue immediately intensified search of the vast ocean areas south of Honolulu, where Rickenbacker's plane disappeared October 21, when the World War flying ace was en route to the South Pacific to survey army air forces for Secretary of War Stimson and Lieut. Gen. Henry H. Arnold, air force chief.

Cherry was pilot of the Rickenbacker plane.

It was last heard from on October 21 in a message picked up by an island station southwest of Honolulu saying sufficient gasoline remained for only about one hour's flight.

The war department's announcement was based on a report from the navy, which presumably rescued Cherry. His wife, who resides at Abilene, was advised that his early recovery was expected.

Aside from Rickenbacker and Cherry, those aboard the missing plane were: Col. Hans C. Adam, (Turn To Page Nine)

Contests To Be Decided By Soldier Vote

Ballots of Men in Service Being Counted Generally Throughout State

MANY SEATS AT STAKE

Harrisburg, Nov. 13.—(P)—Close contests for two seats in the state senate and one in congress hinged today on the soldier vote cast in the November 3 election which county election boards started tabulating throughout Pennsylvania.

For the state senate, the count without the soldier vote gave Henry H. Hubbs, Jr., Democrat, a margin of 32 votes over Senator Louis H. Farrell, Republican, in the 8th district, Philadelphia, and Edwin S. Bowers, Republican, an edge of 70 votes over Senator Anthony Cavalcante, Democrat, of the 32nd district, comprising Fayette county.

For congress in the 22nd district, comprising Adams, Franklin and York counties, Chester H. Gross, Republican, led Rep. Harry L. Haines, Democrat, by 51 votes.

The state elections bureau said the soldier vote would be counted generally today in most counties as being ten days after the election but in York county officials in-

SUIT RECALLS PENNSY WRECK IN MARCH, 1941

Philadelphia, Nov. 13.—(P)—Evidence of sabotage was discovered after a train wreck on the Pennsylvania railroad at Baden, Pa., in March, 1941, three witnesses testified in a damage action in common pleas court.

R. W. Compton, Baden chief of police, said one rail had been laid open and three angle bars had been removed. Similar testimony was offered by Steve Randos, former chief of police at Freedom, Pa., and Philip Pastine, captain of police at the Curtis-Wright Corp. plant, Beaver, Pa.

The action was brought by Mrs. Mary MacDonald, of Altoona, Pa., a passenger on the train, who said her nine-month-old son was hurled from her lap and killed during the derailment. She also sought to recover for alleged injuries.

Delivery Of Gas Curtailed

Washington, Nov. 13.—(P)—Delivery of gas for non-essential equipment installed after Nov. 30 has been banned by the War Production Board, except on specific approval in individual cases.

The order extended previous directions banning gas deliveries for use in such non-residential equipment installed after specified dates in various areas of the country.

It was prompted, WPB said, by possibilities that a gas shortage might develop in many sections this winter.

Regulations for residential use of gas were virtually unchanged by the order. Previous directions of the board have provided that in certain areas delivery of gas could not be made for new equipment designed to supply 50 per cent or more of heating requirements.

Concern Over Dwindling Of Butter Supply

Chicago, Nov. 13.—(P)—With prices held at ceilings, produce dealers today watched the nation's butter supply dwindle to the smallest proportions for this time of year since 1932, while government officials took steps which market experts said suggested some sort of rationing to consumers was imminent.

Normally, an advance in butter price, trade interests said, would provide all the necessary check on consumption. But with prices at major markets holding at ceiling levels in recent weeks, this natural brake on butter eating is not effective. Butter grading 92 score has been quoted at 45¢ cents a pound here since the 60-day emergency ceiling ruling went into effect Oct. 3.

Although butter is not a commodity which can be hoarded easily, produce dealers said consumers apparently have been ignoring the fact that the price is the highest since 1929. Large scale military and lend-lease requirements for export to Russia and elsewhere are taking a big bite out of supply. coupled with the fact that production is declining seasonally and is smaller than a year ago.

JERSEY MEN GUILTY IN BANK HOLDUP TRIAL

Scranton, Nov. 13.—(P)—Two New Jersey men began 25-year prison sentences today after a federal court jury convicted them of complicity in the \$76,000 holdup of two Stroudsburg, Pa., bank messengers in August, 1941.

The men—Ralph Greco, 35, of Hoboken, once described by the F. B. I. as "the nation's No. 1 bank robber," and William Vasilik, 42, of Passaic—also were fined \$1,000 each. Judge Albert Johnson passed sentence.

Longer Week For Workers Is Demanded

Agitation For Suspension Of Present Schedule Rises to New Pitch

NEED IS INCREASING

BY JACK BELL
Washington, Nov. 13.—(P)—Demands for suspension of the 40-hour week rose to a new pitch in congress today amid charges that the nation's labor resources were not being used efficiently.

Senator Byrd (D-Va.) told reporters he believed the problem of speeding supplies to a large American expeditionary force in North Africa had tremendously increased the need of obtaining the maximum production he felt could be reached only by lengthening the work week.

Asserting that the average work week in war industries appeared to be only about 42 hours, Byrd said he thought the length of the war could be cut considerably by stretching this to 48 hours.

At his press conference today President Roosevelt reiterated

Warren County Qualifies For W. P. B. Scrap Pennant Award

Per Capita Collection of 301 Pounds of Junk Wins Coveted Emblem

DRIVE STILL UNDER WAY

Warren is one of 47 counties in the state that has qualified for one of the War Production Board pennants to be awarded to counties in which 100 pounds of scrap per capita has been gathered. In this county 301.1 pounds per capita has already been turned in and the drive is going forward. Much of the scrap remaining to be turned in is heavy, such as old bridges, old used machinery, etc., which should in the near future raise the per capita figure much higher than it is at present.

Chairman Wylie T. Corbett has his eye on a number of old boilers, oil field equipment, old rails from off abandoned switches and other material that will be coming in within the next few weeks. Included in this scrap are a number of old railroad and other bridges.

The drive in the city for small scrap is also still under way and

Meandering Pachyderm Is Still Ambling

Wabash, Ind., Nov. 13.—(P)—Apparently having roamed the banks of the Wabash river to her heart's content, Meade, the meandering female elephant, was reported today ambling along the banks of a smaller stream, the Salamonie river.

The hunt for the two-ton lady, which has been going on since she escaped from her trainer here on Wednesday, was resumed at daybreak. Her pursuers followed her footprints to the confluence of the Wabash and Salamonie near Lagro. Then they found she had made her way up the Salamonie to a point about three miles west of the village of Mount Etna. She had thus moved out of Wabash county into adjacent Huntington county.

Sheriff Earl Howell of Wabash county expressed relief. "She's no

Expedition To Africa Called One of Largest In History

New York, Nov. 13.—(P)—The army's landing in North Africa was so powerful and so thoroughly equipped that even bridges and railroad locomotives were put ashore, Robert P. Patterson, under secretary of war, said last night at a dinner meeting of the Crowell-Collier Publishing Company.

The expedition was one of the largest, if not the largest operation of its kind in the world's history," Patterson said, adding that 700,000 different items of equipment and supply were landed with it on the North African shore. He said that seven tons of ship-

American Subs and Bombing Planes Put at Least Eleven Vessels Out of Action

LULL IN LAND FIGHTING

Washington, Nov. 13.—(P)—American submarines and bombing planes, striking at Japanese supply lines sprawled across the South Pacific put at least 11 cargo or transport vessels out of action in the battle for the Solomon Islands and New Guinea.

Seven of the equipment and troop-carrying craft were sent to the bottom by torpedoes launched from far-ranging submarines.

Heavy bombers caught four others in the harbor at the Japanese Buin-Faisi base in the northern Solomons. All were damaged.

Their attack occurred early yesterday morning (Solomon Time).

The four vessels, totalling about 37,000 tons, were believed loaded with troops and equipment.

The returning airmen, dispatches from Australia said, did not claim any of the ships were sunk but were convinced that their bombs wrought great destruction.

On land in the Solomons a lull apparently has developed in the battle between American troops and Japanese invaders seeking to regain Henderson airfield from which bombers can control many shipping lanes.

In New Guinea, however, the battling ground troops continues to pile up victories for American and Allied forces. Gen. Douglas A. MacArthur reported the enemy was retreating from the Oivi-Gorari area where the Japanese had sought to gain control in the Owen Stanley mountain area. The retreat might develop into a disorderly rout, official reports indicated, for the Japs have abandoned much equipment and left behind some troops.

Doughboys In Africa Aided By Gold Coins

BY WILLIAM FRYE
Washington, Nov. 13.—(P)—Gold coin, long a stranger to the American palm, is working its potent magic for the doughboys in North Africa.

Now, official Washington claims that all it knows about the matter is what it reads in the papers, but it is willing to hazard a guess that a lot of the soldiers in the expeditionary force have been supplied with small amounts of gold pieces to help them out of the tight spots.

The hard yellow stuff has been mentioned at least twice in stories from the front. It gleamed briefly, but in large amount, in the exciting tale of Maj. Gen. Mark W. Clark's secret visit to the French colonies three weeks ahead of the invasion. Part of his equipment was \$18,000 in gold—and it was lost overboard.

Then Lt. Roland F. Wooten, Jr., who made a crash landing in the Algerian desert, was guided back

Maas Speech Irks Vincent

Washington, Nov. 13.—(P)—Accusing Representative Maas (R-Miss) of having "rendered aid and comfort to the enemy" in a speech broadcast last night, Representative Vincent (D-Ky) called today for a congressional investigation of Maas' "serious charges."

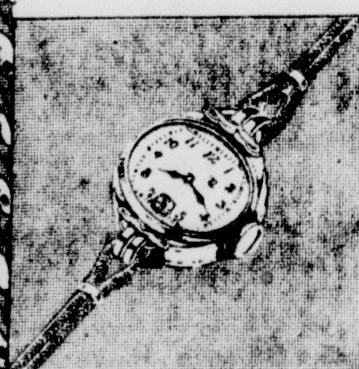

In a letter to Chairman Vinson (D-Ga) of the naval affairs committee, the Kentuckian said he was astounded by some of the statements made by Maas, who charged lack of organization in the armed forces.

Rep. Martin of Massachusetts, the minority leader in the house, called for immediate action by congress to remedy the situation described by Maas.

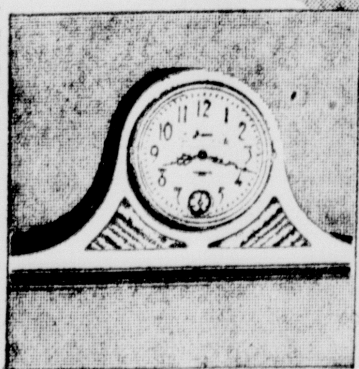

Maas, a colonel in the marine reserves who returned recently from a four months tour of duty in the Pacific, declared also that official reports of "defeats and disasters" had been "twisted and played down."

Prayer Week To Conclude With Vesper

The YWCA and YMCA World Week of Prayer will close with a vesper service at four o'clock Sunday afternoon in the latter's association activities building. Mrs. T. E. Colley, co-chairman of the religious work committee of the YW, will preside and Mrs. A. Pressel will have charge of devotions on the theme "The Enduring God".

Girls of the High School Club of the YW will present a skit "The Things We Give Up" and the YM boys will tell about "The Barbed Wire Legion" and the Y on the world front. A cordial invitation is extended to all members and friends of both organizations to attend the service and the social hour which follows.

In conjunction with the Week of Prayer and World Fellowship, a beautiful service of worship was held Thursday evening in the YWCA, attended by a fair sized group of men and women.

General Secretary Ralph H. Wagner led the service and gave brief message in which he emphasized the need for Christians to forge and use the tools of victory: courage, hope and faith; not only for victory in war but for victory in the efforts toward a just and enduring peace. Mr. Warren also spoke briefly of the work of the Y. M. C. A. in the U. S. O. and with the prisoners of war throughout the world, stressing the contribution the "Y" hopes to make in this way toward world brotherhood.

Musically the service was featured by two splendidly given vocal solos. "Hear My Prayer" was sung by Clayton Sanden, and Guion's "Prayer" was sung by Meryl R. Ruess, boys' secretary of the "Y". Mrs. Ruess played accompaniments as well as for the hymn-singing, the prelude and the postlude. Mr. Ruess also gave a reading, "The Pattern of the New Era", while Mrs. Ruess played a musical background.

Prayers were led by Rev. S. R. Schieb, J. A. Davidson and L. L. Knapp, and appropriate responsive and scripture readings were included.

STAY ON JOBS
Erie county which annually sends a big delegation of deer hunters into this county may not be represented here this year to any great extent. An appeal has been made to the hunters by Erie defense plants asking them not to go deer hunting but to stay at their jobs and help hunt Japs and Germans. The appeal states that defense supplies are of more importance than deer hunting. Similar appeals are being made in other centers where defense material is being manufactured.

FARM MACHINERY FROZEN
All new farm machinery and equipment expect repair parts have been frozen as of November 1 under Temporary Rationing Order B announced by Secretary of Agriculture Claude R. Wickard, according to James E. Walker, Chairman of the USDA State War Board for Pennsylvania. The order will remain in effect until state and county quotas are established as a basis for a permanent rationing order. The freeze order covers two main types of farm machinery. The first—Schedule 1—includes most of the heavier labor-saving machines which are important as a result of the farm labor shortage. Dealers, distributors, and manufacturers, under the freeze order, may not sell or transfer any of the 144 items listed in this schedule. The second—Schedule 2—includes miscellaneous items of farm machinery and equipment, generally requiring less metal in manufacture. The order will stop transfer of these items by distributors and manufacturers, but dealers, other than distributors and manufacturers, may sell for farm use these items now in their stock.

Kickoff Meeting of "Extension Campaign" Monday Evening

The opening meeting of the "Extension Campaign" of the Warren Community Chest will be held in the Young Women's Christian Association at eight o'clock on Monday evening. In several respects it will differ from the usual kick-off meeting of a financial campaign.

In the first place there will be no "eats." That in itself is an innovation that, in normal times, might adversely affect the morale of the workers but these are not normal times; we are in a war and all of us are being called upon to accustom ourselves to war time restrictions. To keep expenses as low as possible, and knowing that the public is familiar with the valuable work that the organizations in the Community Chest are doing, the campaign committee decided that it would not be necessary to go to the expense of having printed a descriptive folder. No literature is being distributed either by mail or otherwise. At the meeting Wednesday evening the Men's Division, all of

which have been at work during the present week, will be afforded an opportunity to report in dollars the results of their efforts to date, after which the teams in the Women's Division will receive their prospect cards, other supplies, and instructions. Their work of gathering in pledges will begin on Tuesday and the first reports will be made on Wednesday evening at 8:30 o'clock. There will be no report meeting Tuesday evening. The second report meeting is scheduled for Thursday evening and the last one, Friday evening. Practically the same organization which "went over the top" in the campaign last April has been re-enlisted for the present job. H. D. Kopf, the general chairman, will preside on Monday evening and the several Division chairmen are counting upon the attendance not only of their captains but team members as well.

More Volunteers Solicited For Red Cross Mobile Unit Coming to Warren Nov. 23d

Very little time remains for those persons who wish to volunteer for the Red Cross Blood Bank. The mobile unit will be in Warren one week from Monday to receive donations to this outstanding war-effort contribution.

Since registration blanks have been placed in drug stores of the borough there has been some increase in registration noted. But, the committee is desirous of having the names of at least 400 volunteers; part of whom will be asked for donations on November 23rd; the balance to be asked to volunteer on the next visit of the unit, probably in December.

This Sunday many of the churches of the borough will call the matter to the attention of congregations; either in a printed notice in the bulletins or from the pulpit. Members of the Warren County Ministerial Association have been asked to bring this activity of the American Red Cross before their people, as a joint effort, this Sunday.

A meeting of the Blood Bank Committee has been called by Chairman M. G. Keen for Wednesday, November 18th, at Red Cross Headquarters at 4:30. At this time it is hoped that final scheduling of the first 150 names can be accomplished. The committee is desirous of having the names of 400 volunteers by that date. Some 150 or so will be selected for donations on November 23rd; probably being called upon in the order of their acceptance. Some small percentage, it has been found, are not always available at the actual time donations

O. P. A. Wins In Price Battle With Taproom Owners Near New Kensington and Arnold

Pittsburgh, Nov. 13.—The local Office of Price Administration today announced a victorious Armistice of its own.

The Armistice came after a week-long battle between local OPA price officials and a group of New Kensington-Arnold (Pa.) tavern owners. The controversy centered around price ceilings for liquor and beer and the new federal tax imposed recently for such drinks. Walter R. Cartwright, Pittsburgh manager of the OPA, announced.

Loren L. Lewis, chief OPA attorney here, said that liquor tavern owners in the New Kensington-Arnold area got together this week to do something about the new federal tax which was invoked November 3.

The new tax calls for an increase in one cent or two or more depending on the price of the liquor. The dealers, Attorney Lewis said, didn't like the idea of handing pennies. Instead of adding only the cent or two, Lewis said, the dealers set up a price scale of their own which raised the price of the liquor a cent or two more so that the change would be made in nickels and dimes.

The chief attorney said it is a violation of the OPA price ceilings to add more than just the tax.

Complaints from consumers and inquiries from several retailers in that area who refused to go along with the plan sent OPA investigators, headed by Chief Investi-

All But One Town Over Top In Drive

The decision as to whether or not the Girl Scout campaign for funds in communities outside the borough goes over the top rests with one town, according to a report made by Mrs. E. E. Koebley at the monthly meeting of Girl Scout Council. Mrs. Koebley, accountant for the drive, stated that all other towns have submitted their complete reports and, if the remaining towns make their quotas, the fund will reach the \$1,000 mark which is its goal.

Other reports presented at council meeting included a complete list of captains and workers in the campaign, given by Mrs. C. C. Hulings, in charge of organization. Tribute was paid to the devotion of the women who found time between canning and housecleaning to do the work in the drive which will insure continuance of Girl Scout work in the county for another year, supplementing the allotment made to the organization by the Warren Community Chest.

Mrs. C. Vance Weld announced that the Girl Scout Victory Fund in Warren county stands at \$41.95 in war stamps. A few troops have not yet reported and it is expected that the total will reach \$50 by November 18, when it is to be sent to New York. With contributions from other Girl Scout groups in the United States, this will form a fund which will buy war bonds and, when the opportunity arises, it will be for alleviation of war-born distress among children of the world. It is recalled that one ten-cent war stamp from each girl and adult in Scouting would make a fund of more than \$70,000 to be used for this purpose.

Mrs. A. J. Weiler, who is the newly elected president of the Warren County Girl Scout Leaders' Association, was elected to membership in the council.

Mrs. R. W. Mackay submitted names of council members to serve on the nominating committee for election of officers at the annual meeting in January, these to be Mrs. C. C. Hulings, Mrs. A. T. Slatry and Mrs. J. R. Elliott.

Choice of Hike Sunday Depends Upon Weather

After the pleasant experience of last Sunday the Allegany Hiking Club looks forward to another journey next Sunday afternoon which will be the 4th of this season and the 92nd trip since the club's organization. As usual the group will meet at the new starting time for the winter months, 2:00 o'clock P. M. at General Joseph Warren Park and prospective hikers are asked to telephone either 1024-R or 848 in advance.

DOUBLE DATE
In England these days, "double date" doesn't always mean a social foursome; it may include two soldiers and only one girl. The attention of David Low, famed British artist, was caught by the sight of a pretty little WAAF arm-in-arming between a British Tommy and a U. S. private. "This," said Low as he sketched, "is real hands-across-the-sea stuff."

Announcement Made Of Reserved Seats For Junior Comedy

The cast for the junior class play, "Tish", is working diligently and enthusiastically on the three-act comedy to be presented to the public in the high school auditorium on the evening of Friday, November 20, and it is announced today the reserved seat sale will be held during the noon hour on Tuesday in the school auditorium.

Alice Chadwick, who attained great heights in her dramatization of "Anne of Green Gables" and "The Trail of the Lonesome Pine", drew new applause in "Tish", the play based on the beloved character of the Mary Roberts Rinehart stories.

It was way back in the "good old days" that Mrs. Rinehart started the Tish stories and the demand has been so great through all the years that she has never relinquished the lovable spinster, Tish. There have been a succession of these stories: Tish, More Tish, The Amazing Adventures of Letitia Cranberry, Tish Plays the Game and Tish Marches On. The whole world has laughed long and heartily at the delightful antics of this blunt and plainspoken heroine.

Alice Chadwick offers the dramatized form dipped in the ink of comedy and romance, just as Mrs. Rinehart does. The play itself and the local cast promise to make the evening of November 20 an enjoyable one.

The name of Liberia, Negro republic in Africa, was suggested in 1824 by Robert G. Harper of Baltimore.

In the opinion of the aforementioned persons who disclaim knowledge but are willing to guess, it's fairly obvious that these two incidents are part of a general condition—General Clark and Lieutenant Wooten were hardly the two single individuals in the whole North African campaign who happened to find themselves in possession of gold, which may or may not have been American coins.

Grand Total of 5,145 Tons Of Scrap Collected In The Co. In September - October

New progress for the Warren County Salvage Campaign was revealed today in a report to the public by Wylie Corbett, chairman of the County Committee. Mr. Corbett disclosed that during the months of September and October a grand total of 5,145 tons, or 10,290,000 pounds, of assorted material has been turned in from the county. This makes an average of 240 pounds each for the 42,789 inhabitants of Warren County. This is well in excess of the amount required for the award of a salvage pennant, and Mr. Corbett announced that the flag would soon be flying from the Court House.

The above figures constitutes an overall total including all scrap recovered from farms, oil leases, mills, auto graveyards, manufacturing, and also through schools, ammunition plants. The total is itemized as follows:

Farm drive, 352 tons. Manufacturers, 427 tons in September and 471 tons in October. The National Forge, which converts its own scrap, made a separate report of 1,400 tons in September and 1,500 tons in October. City and County schools yielded 250 tons. Various Sheffield sources yielded a total of 280 tons.

Meanwhile a picturesque addition to the county salvage collection came in the form of a school bell. This was turned in by the Sugar Grove school in its recent drive. The bell, which weighs 255 pounds, was cast in 1870 for the Union School Building of Sugar Grove which was erected in that year on the site now occupied by the Memorial Park. When the Union School was razed about 1920, the bell was brought to the Seminary building, now in Sugar Grove High School. The bell was used for fire drills until about seven years ago when a fire alarm system was installed. It also served as a time piece for the school for quite a number of years. The school board who sanctioned the giving of the bell is made up of the following members:

Mrs. Allene Briggs, president. Dr. A. A. Grant, Arthur Landin, Gerald Miller and Lillian Landin. Mr. Corbett also stated that arrangements are being completed for a comprehensive campaign for the collection of silk and nylon hosiery with the cooperation of the Retail Committee of the Warren Chamber of Commerce. All stores selling hosiery or similar lines will be requested to set up containers for such hosiery and when the containers are full, to take the contents to the Metzger-Wright Company, which has been collecting hosiery for more than a year and which has agreed to act as a receiving point for the entire county and to assume responsibility for packing and shipping the hosiery to its destination.

Swami Barker Predicts Notre Dame, Georgia Tech and Ohio State Will Win on Saturday

BY HERR BARKER
New York, Nov. 13.—(AP)—Reserving the right to demand a recount after all the returns are in, this football guesser goes along his inimitable way:
Michigan-Notre Dame: Tie yourself in fine knot by looking over their records and drawing appropriate comparisons? This corner is going to forget all that and toss the coin, which says, Notre Dame.
Alabama-Georgia Tech: Precisely in the same category. The Crimson Tide has one of the strongest defensive outfits in the country but could not halt Sinkwich and Georgia through the air. Tech's defense has been more than adequate and its passing game is the strong point of its attack. Doubtfully, Georgia Tech.
Ohio State-Illinois: Close, but Ohio State.
Wisconsin-Northwestern: Wisconsin.
Fordham-Boston College: Undecided Boston.
Texas-Texas Christian: Texas.
Baylor-Tulsa: This should prove whether or not Tulsa, unbeaten and untied, belongs in the upper brackets. This corner thinks it does, Tulsa.
Missouri-Oklahoma: Missouri to clinch the Big Six crown again.
Yale-Princeton: Both in-and-outers. Out of the hat... Princeton.
Oregon-Southern California: Southern California.
Columbia-Navy: Navy.
Dartmouth-Cornell: Cornell.
Brown-Harvard: Sheer guessing, Brown.
Colgate-Syracuse: Ditto on this one, Syracuse.

LEADING BALL CARRIER FOR DUKE IS ASSISTANT

Pittsburgh, Nov. 13.—(AP)—The Duquesne Duke, who play Mississippi State tomorrow at State College, Miss., have discovered their leading ball carrier this season at Forbes Field was not dashing Max Kielbasa but (Spike) Thomas, ball-wiping assistant manager.
Spike, attired in white overalls, keeps the game rolling when the weather conditions are bad. He estimated he traveled at least 1,000 yards in the Waynesburg game, which was played in a steady downpour, as he raced on the field with a clean ball, and off again. Spike was permitted on the field to follow the ball with officials in the St. Vincent game, played during an even heavier rain.

Georgia Tech Big Favorite

BY ROMNEY WHEELER
Atlanta, Nov. 13.—(AP)—"Thundering Tech to take Tide by two touchdowns!"
That's the consensus of southern sports editors, in the words of Clarence Green of the Harlan (Ky.) Daily Enterprise, on the eve of Georgia Tech's big game with Alabama.
In fact, if Tech loses here tomorrow, before a sell-out crowd of 33,000, there'll be scarlet-faced sports experts from Florida to the Georgia-Carolina line.
The unbeaten, untied Yellow-jackets are favorites by better than two-to-one in a poll by the Associated Press. Twenty-five editors look for Tech to roll onward to its eighth straight victory. Ten believe that Bama has the edge.
Even in Alabama, regard for Georgia Tech is high. The vote there is divided, three-to-three, with veteran Zipp Newman of the Birmingham News calmly declining commitment either way.

Covering The Sports Front!

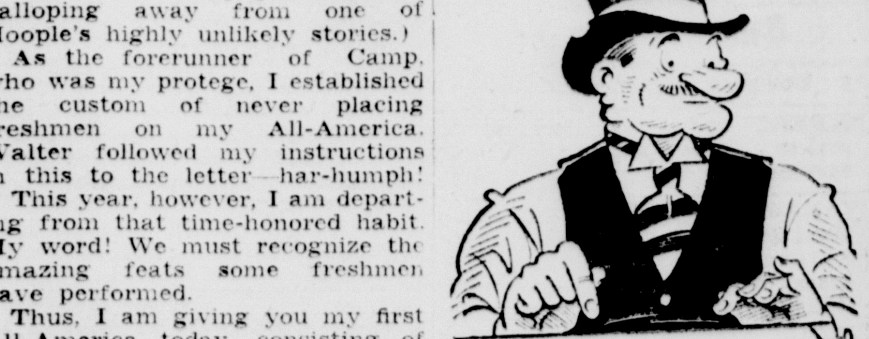

BY "BOB" JOHNSON
Finally, the basketball season has shoved into low gear and as fuel is fed to it in the form of tryouts, Warren's Dragons will be in the midst of their uncertain schedule in no time at all.
The Sophomores had their fling at the chance for a coveted berth on one of the lesser teams on Monday; Tuesday the Juniors showed what they had in that line, and last night found the Seniors giving out with the goods which will either allow them a chance on one of the first three teams or, at any rate, if they possess any ability, the usual league of inter-mural status will be formed for them.
In the YMCA, things are really beginning to take shape, as an announcement has gone out that definite teams have been arranged for the City League and that net switching is due to start the first week in December. The Rock Cleaners, Struthers-Wells, Sheffield O'Connors and one independent outfit which may find backing between now and the first will be on tap. Some of the finest players available for many a year will be back in dress this season and names such as Caldwell, Chase, Pick, Creola, Steinkamp and Pawk and a host of others will be mentioned as much as any high school aggregate, because of the fans' inability to attend most of the Warren out-of-town school, if any.
It appears at any rate that this community will not be lacking in the sports division this year, so with three weeks of seasoning ahead of the respective teams, once more we can look forward to those lusty basketball cheers, good brands of ball playing and, lastly, capacity crowds.

In Texas recently three hunters were sitting in a blind—just waiting. Then they heard the distant honk of a goose. Slowly he came winging his way in a direction which could not help but bring the meat right over the trio. All stood still—then simultaneously fired. The big bird fell and everyone scrambled, yelling "I hit him!" As they all insisted on their marksmanship, an autopsy was performed by one, a doctor. To their utter amazement, the goose had succumbed from hypertension arterio sclerosis, or heart trouble—not a shot had feathered him.

J. B. announced that negotiations nearly went through on a return Bradford-Warren tilt for a USO benefit, but dates couldn't be arranged. Sure would like to have seen that one over again. Warren outscored its combined opponents this year by 132 to 76 and won seven out of ten contests.
The Munella-Fashano bowling combine of Jamestown wants a return match with Chesapeake and York. But they refuse to bowl on the Penn sides. They say the alleys are too tough. Okay, fellows: pick your own alleys, but don't broadcast that hundred skins... You make Willy and us feel like chumps.

Hoople's Predictions

BY MAJ. AMOS HOOPLE
Cricket Chirp Leader
It has been some years—Egad!—since I started Walter Camp galloping along the sidelines to fame with his first All-America.
(Ed. Note: Camp probably was galloping away from one of Hoople's highly unlikely stories.)
As the forerunner of Camp, who was my protegee, I established the custom of never placing freshmen on my All-America. Walter followed my instructions in this to the letter—har-har-har!
This year, however, I am departing from that time-honored habit. My word! We must recognize the amazing feats some freshmen have performed.
Thus, I am giving you my first All-America today, consisting of one man, a chap named Frank Perantoni, who plays center for Princeton. This yearling distinctly has what it takes for All-America. I shall inform the various mythical pickers, who never touch finger to typewriter until they hear from Hoople, that Perantoni is the man of the hour. I'll let them fill in the other positions, as I am very busy today. Now, for this week's infallible forecasts.

MURDER on the Campus

Chapter 12 The Damage Done

IT WAS a funny sort of situation. Susan reflected that night. In a blaze of anger she had phoned her father long distance and had taken him to task for his secret visit with Todd. Hot tears had jumped to her eyes, she had been so furious.

He had tried to explain but she made it quite clear she would accept no explanation. Finally, after he admitted he was sorry she cooled down somewhat. He even promised to write a note of apology to Todd.

Never mind, she had told him. It was too late, now. The damage had been done.

The damage was done, all right. Susan thought, and there was nothing she could do about it. The next move was up to Todd. She wasn't going to chase after him even if she wanted to. Until now she had done all she could to help him because he was a swell kid who needed lots of help, but this—well, this was different, very much different.

It certainly wasn't her place to tell him, frantically, that he didn't have to honor her father's wishes, that he could see her all he wanted to.

The rebellion would have to stem from his own desires. It would have to be his commitment, especially so since her father's visit had been a secret one and she, supposedly, didn't know a thing about it.

Trinidad Club
DETECTIVE SERGEANT LAKE walked into the district attorney's office and drew up a chair with a quick motion.

"I just ran down something that might be a clue," he said. "I had a chat with that Dr. Stephen Coulter. I asked him about Humphries' personal habits—everything he knew about them—and after a while he mentioned that he believed Humphries liked to gamble. So I nosed around a bit and found out he was supposed to have been seen out at Riley Beckett's Trinidad Club."

"So Humphries liked to gamble, eh?" said Hinton. "It might be worthwhile for us to find out to what extent."

"I figure the same thing. I think I'll wander out there tonight and chin a bit with Beckett."

Lake nodded. "Yeah, Riley—I know how it goes."
Lake studied the man before him. "And now, of course, you're out the \$2,000."
Beckett shrugged. "I'll admit it's a shame," he said. "It wasn't very sporting of Humphries to leave without taking care of his creditors, was it?"
Lake stood up. "No, I guess not," he said, putting on his hat. "Thanks, Riley. I'll be seeing you."

Laying Down The Law

"If the Pi Gams submit Malone's name as a candidate I'll bet it's because they're figuring on undertaking something more important than a campus political battle. They won't be gambling a tinselled class office that won't mean a thing a couple of years from now. They'll be gambling something much bigger. Don't make me draw you a picture, never was much good at melodrama, and besides, I'm not equal to it." She paused, out of breath.

"But Susan," Doris pleaded, "don't you see that—"
"Yes, I see all right," Susan interrupted. "I can see that I'm going to have to hold every guy in this house personally accountable for any action they take in the step you suggest, because it won't be much fun living here with people who can't see."

"Any time, John," Beckett said, rising. Let's go out to the bar and have a drink on me."

Contests To Be Decided By Soldier Vote
(From Page One)
terpreted that provision in the election law to be Saturday and delayed counting the military vote until then.

Several thousand ballots were mailed to soldiers under both state and federal laws but the state election bureau was without definite figures, especially those mailed under the state law which were handled by county boards.

In Fayette county, the election board arranged the counting of 129 military ballots this afternoon to decide the Bowers-Cavalcante contest. The official count whit-out them gave Bowers 17,464 and Cavalcante, 17,394.

In the Gross-Haines race for congress, 214 soldier ballots remain to be counted.

FAMILY SURVIVES JINX!

Pahway, N. J., Nov. 13.—(P)—An eight-year-old boy was born here today, the third generation of his family to arrive on Friday the thirteenth. His mother, Mrs. Thomas B. Hetfield, Jr., and his grandmother, Mrs. Thomas B. Hetfield, Jr., and his grandmother, Mrs. Bertha Petinger, set the style.

Don't you believe it's an unlucky birth date, said the mother, in Rahway Memorial hospital.

GUARDIAN NAMED FOR BERGDOLL'S MOTHER
Media, Nov. 13.—(P)—A guardian has been appointed to handle the affairs of Mrs. Emma C. Bergdoll, 81-year-old mother of Grover C. Bergdoll, World War draft dodger.

Judge Albert Dutton MacDade named Wilmer F. Whittle, Kennett Square, Pa., attorney, after two physicians and several relatives testified that she is becoming mentally confused and forgetful.

Bergdoll opposed the move in a letter to Judge MacDade from Leavenworth prison, where he is serving a seven-year term for his World War offense. The appointment had been asked by her grandson, Louis J. Bergson, a lawyer and a trustee under a deed of trust which Mrs. Bergdoll created to cover all her property.

Washington, Nov. 13.—(P)—Soldiers of France have been invited by Gen. John J. Pershing, leader of the armies in France in 1917, to join the ranks of the Allied Nations so their country "will once more be free."

that the nation was practically on a 48-hour week now.

Mr. Roosevelt made the statement when asked whether he had read the recommendations of the senate defense investigating committee for a 48-hour week, and appointment of a single administrator to direct both civilian and industrial manpower mobilization.

The president said he had only seen newspaper accounts of the report.

Agreeing generally with this thesis, Senator Taft (R-Ohio) said he thought it might be well to suspend the premium overtime pay provisions of the 40 hour week for essential civilian industries where labor already was becoming short and employers could not afford to pay wage increases because of price ceilings on their products.
